

Loop Nylon colours

Clip panels can be covered with any one of the colours shown (or a different colour on either side costs no extra!). The material is hard-wearing, fade resistant loop nylon and fire retardant to BS3120/BS5867.

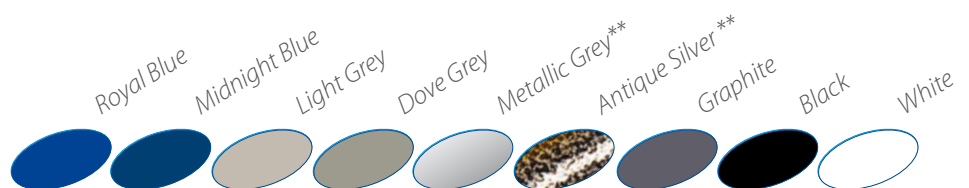

Please Note - Colours may vary slightly between batches

Accessories

Velcro can be used to fix graphics and products to loop nylon-covered panels. Matching poles, clips and accessories are available in 10 stock colours.

Please Note - ** Poles only

IMPORTANT: Due to the nature of print quality and screen resolution, an exact colour match to the shades shown cannot be guaranteed. Should you need a sample patch please contact us.
