Product Code **DFK01 HW + DS GRA**

Price **£265**

KEY FEATURES:

- **Lightweight & Robust**
- **Environmentally friendly graphics**
- **An assembled complete kit**
- **Large graphic area for branding and message**
- **Complete with carry case**
- **5 year guarantee**

The Eco Tabletop kit is a flexible frame kit made of impact resistant polyvinyl plastic. The rigid profile has an inner groove for the panels and an outer groove for metal connectors or poles which join the frames together.

The Eco Tabletop comes as a complete ready made kit and is very easy to unfold and assemble. The lightweight table top kit can be easily stored and transported in special bags with shoulder straps.

The graphics are printed on environmentally honeycomb board, which is made from 20% recycled pulp and easily recycled in cardboard waste.
